Authors’ Response to the Review Comments

Journal: [journal title]
Title of Paper: [title of the manuscript]
Authors: [authors name]

We carefully considered your comments as well as those offered by the reviewers. Herein, we explain how we revised the paper based on those comments and recommendations. We want to extend our appreciation for taking the time and effort necessary to provide such insightful guidance.

The revision, based on the review team’s collective input, includes a number of positive changes. Based on your guidance, we:

- Provided ……
- Clarified ………
- Increased ………
- Improved ………

We hope that these revisions improve the paper such that you and the reviewers now consider it worthy of publication in [journal]. Please, find below the referees’ comments repeated in italics and our responses inserted after each comment. To facilitate the work of the reviewers, in some instances we refer to the former manuscript indicating the page and the line (page-line).

In the revised manuscript all the changes are marked in green.
Response to Comments from Reviewer 1

Comment 1:

*Figures (Fig. 3, Fig. 4, Fig. 5) presented in the article should be with dimensions.*

Response:

As suggested by the reviewer, we have added dimensions to Figures 3, 4 and 5.
